

After school

Newsletter May/June 2015

It has been an active and exiting month at Afterschool. For sure we have not been stopped by the weather: Plenty of kids have nevertheless discovered the pleasure of playing in rain! In the last month we have finalized the Creative expression-theme with inspired children creating masks of all sorts and colours with Rasmus as craft master. And not to forget our energetic children's choir, they have done a fabulous job practicing for the performance delivered in the occasion of the Norwegian constitution day (17th of May). Another highlight has been the visit from a real explorer - Alwart from Holland who is biking his way around the world to tell kids about their right to play and the importance of believing in their future dreams and aspirations. And an adventure for all who tried was to sit on Alwart's proper around-the-world bike! Now, and till the end of the school year we focus on the great circus expected to arrive at Nordic in June. So do not be surprised to encounter dragons, dancers or clowns practicing in the spaces of Afterschool in the time to come.

Youth Club

This month our Youth Club + guests have made delicious smoothies and crips waffles with chocolate in the Nordic House. We also enjoyed one cosy rainy day playing Monopoly and listening to music. Latest Y.C. event entailed planning and renaming of our upcoming circus, now called Circus Nordic! :)
