Creative  
Wed - Free play  
dancing,  
outdoor games,  
film or stroy  
time,  
Thurs - Baking  
and tennis,  
Friday - Ball  
games.

This month there have been a lot of activities going on. The popularity of dodgeball in all ages has kept it active, meanwhile we have added more both outdoor and indoor activities. Pool activities has begun to be active again, with our new teachers Rasmus and Catling having joined the team.

On Valentine's day we did beautiful Valentine's crafts for our parents. Some of us painted, drew, made origami, cut and created our own Valentine's cards. Some kids created Valentine's boxes and surprised their parents with hidden drawings and sweet words inside ☺

After lunch time AF have a "mini performance" show, simply procedured by the artist. The kids can sign up their name 1 or 2 days before their performance. Then the performer will be standing infront of their friends to showcase their talent. Some kids choose to tell a story, dance and/or sing. We would like to improve this fun activity to make it more plannned, so every Wednesday there will be time to practice and recieve input from teachers. Parents with have skills in this field are welcome to participate and give us some good tips, thank you!

Thursday baking: We had so much fun with this new activity and we all got to test what we had baked, Yummy!!! We will soon offer tennis on Thursday as well if there is an interest for it.

YC have been enjoying their lunch with AF more often than the previous month since we now with part time afterschool/youth club have some days with less children. After lunch they sometimes prefer to do seperate activities with their group, with a teacher at the Nordic House. They like chatting, playing at the play ground, and they have tried the new Zip line, and just love it ☺. They will surely soon master this fun activity with ease. You are most welcome to try it out with your children during pick up at the Nordic House.

We have been very busy with preparations for Fastelavn celebration on 28/02/14 which was from 3-5pm. As you have seen, during the time of drop off and pick up we decorated some areas outside and inside the classroom to welcome Fastelavn. We ended our February with Fastelavn where both parents and children participated and enjoyed the day by seeing kids hitting the barrel, tasting candies while dressed up. At last we all enjoyed juice, coffee, tea and the very tasty fastelavn buns ☺

After School Teachers: Sophada, Mia, Jennie, Catlin, Rasmus
