21st Nov – Ngoma
event 3 -5pm

Pick up time is at
4.30pm and at
5.30pm for Blue
and Yellow groups
Swedish

A.F

Afterschool's vibe continues to be great!
We welcome Stefan and Aisha to our energetic family, and all are well settled in.
A new volunteer, Simen from Norway, helps us to continue to offer a wide array of activities and concentrate on a personal and Nordic pedagogical approach to our children.

Following the "tanzanian theme" in Oct-Nov, we added tanzanian food days on Tues & Thurs /see a special menu in the classroom/, beading with mama maasai and drumming with Mr Kazungu on Thursdays. We are also having tanzanian inspired outfits made of the kangaas we brought please see the proposed designs in the classroom .

We thrive to be a strong and engaged working group, both children and teachers with 40 children and 4 teachers.

We look forward to welcoming to new at the end of the month.

Y.C

Youth Club goes on Thursdays, under a firm and engaged leadership of Marie. The youth have repeatedly expressed their wish to have "more Y.C. Days" but unfortunately we are not currently able to implement their wish!

We are looking into option of more days though their extended afterschool activities schedule does make it difficult.

For a tanzanian vibe, they made chapatis and had a dance session with Bongo Flava flowing.

After School Teachers: Inge, Marie, Rasmus and Julia
