

# NEWSLETTER PRE-SCHOOL

August 2014

## ALL

After a great holiday we are finally back at The Nordic School! Both children and teachers are very happy to see old and new faces, playing and laughs are heard at the playground again☺

We welcome Marie from Denmark as our new teacher, who will be working with the youngest children in the Kidogo

This semester the pre-school group is a bit smaller than earlier semesters, but we see this as a good opportunity to get to know each other even better within smaller groups.

We have decided to have "Toy-Day" every last Friday of the month, which means that the children can bring a toy from home to school to share and play with their friends. This will be for all children, both Kubwa and Kidogo. Please note that bicycles are not allowed this time, due to safety for all children.

We are also very happy to have Mr.Dadi with us every first Monday of the month, where the children can learn to drum, dance and sing traditional "ngoma" in the aula.

- Norwegian, Swedish and Danish language groups – Every Friday
- Library – Every other Tuesday/Friday starting 2<sup>nd</sup> September

## KIDOGO

We are very happy to have Marie with us at Kidogo and also glad to welcome 4 new children; Fingal, Owen, Saira and Vanessa which makes us a group of 8 children and 3 adults starting the beginning of September.

We have been spending the first weeks to get to know each other again, and for the new children to get well settled in our group.

Exploring and re-exploring all the toys in our Kidogo-room, practicing on painting and drawing, listening to stories and singing during ring-time before lunch. We have also been playing a lot outside at the big and very exciting playground. Especially in the sandbox and with the pikipiki's.

## DATES TO REMEMBER:

## KUBWA/PLAY SCHOOL

We are very happy to have all the children and teachers back. We welcome Noah and Maya who has grown from kidogo and now with us in Kubwa.

We are looking forward to welcoming Allgot from Sweden, who will join us on 1<sup>st</sup> of September and we will then be a group of 14 children this semester, including Johanna who will join us every afternoon and Norh twice a week.

Play school has started started up again 3 times a week with Rasmus and 6 of the oldest children, meanwhile Karen and Nina will be with the Kubwa children.

We have started decorating our kubwa room, since it's a bit empty now after the summer. Also enjoying singing and playing together during ring-time. Wednesdays will now be our regular day when we are doing sports all together.
