

NEWSLETTER PRE-SCHOOL

November 2014

ALL

In November we had a lot of fun learning more about Tanzania and the Tanzanian culture. We got the chance to eat many types of Tanzanian food from all over the country and we also got to meet Masaais who taught us how to build a house (hut) with our own hands.

We all had a great time celebrating and dancing at the end of our Tanzanian theme together with Mr. Kazungu and we were very happy to see so many family members taking the time to celebrate with us. Thank you for coming!

Now it's soon Christmas, which means we will start on our Christmas preparations. Remember that all parents are warmly welcome to come and celebrate St. Lucia with us.

The celebration will take place the 12th of December ☺ at 9am.

KIDOGO

In the Kidogo we have been getting the chance to experience many new things this month. We have been creating instruments, making cars out of milk cartons, making a collage with flowers and plants from our playground and learning the Tanzanian national song. Additionally we have enjoyed singing and dancing in the aula, but also in our own Kidogo room ☺

In the period before Christmas we will start on making Christmas decorations and practicing Christmas carols. If you would like to join us one day during ring-time to teach us a song, you are warmly welcome!

DATES TO REMEMBER

**9th of Dec- School closed
(Independence day)**

**12th of December- 9am
Celebration of St.Lucia &
Last day before
Christmas**

**5th of January- School
opens**

KUBWA/PLAY SCHOOL

In Kubwa/Play School we welcome Liam from Sweden back to our group. We are all very happy to see him again. With Liam, we are now 12 children in the morning and 14 children in the afternoons. We would like to say thank you to all parents who have come for parents-teachers conferences. It has been great to speak with you, exchange experiences and get input on how we can make Kubwa/Play School an even better place to be!

In November we have been learning a lot about Tanzania. We also had a great trip to Makumbusho, where we got to see many different traditional houses and traditional ngoma. A special thanks to all parents who helped out with transport.

Now there is just a few weeks left before the Christmas-break which we will spend make Christmas decorations, prepare our Lucia show and looking forward to experiencing Scandinavian Christmas traditions.
